**STATUS REPORT**

Per the Order of the Court, the government provides the following status report regarding the discovery issue of laptop computers. The government has possession of five (5) laptops that were recovered from use in other cases. The government is in contact with defense counsel regarding the discovery to be loaded onto the computers, with part of this analysis being the handling of information from recovered mobile phones as well as issues related to protective orders. The government believes that the laptops can be prepared and delivered to the facilities (as designated by the Court or the Court's representative) by December 30, 2021. The government will attempt to accomplish the delivery earlier if possible.

Respectfully submitted,

NATHANIEL R. MENDELL
